

## CLASS FEE SPEND PLAN

2022-2023

In accordance with DSD policy 6F-101 School Fees, a school shall provide notice to all parents regarding course fees. Schools may charge a fee for instructional equipment and supplies subject to fee waivers. "Instructional equipment" means an activity, course, or program-related tool or instrument that is required for a student to use as part of a secondary activity, course, or program; and typically becomes the property of the student upon exiting the activity, course, or program. "Instructional supplies" means a consumable or non-reusable supply that is necessary for a student to use as part of a secondary activity, course, or program; and as further described in the definition section of this policy. Schools may charge a fee for the cost to access software, digital content, or other instructional materials that are required as part of an activity, course, or program.
